And transform your business.

Progress can be relentless.

It produces a continual stream of new applications, upgrades, and patches, and you're expected to not only keep up with the latest, but also support existing systems and users; all while staying within your budget.

And when different departments run different applications from different vendors, you've got the responsibility of keeping the whole fleet floating and moving in a single direction.

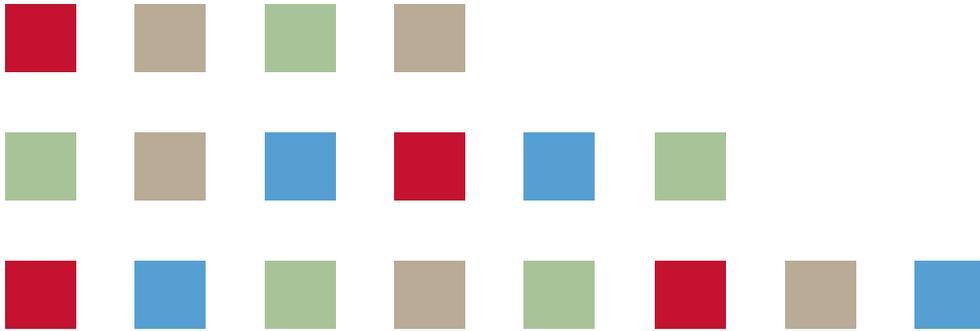

What would you say to a single source that could do the heavy lifting and let you get more done faster and easier?

Competition demands improvement.

If your health plan isn't taking advantage of emerging technology that enables your business counterparts to meet their goals as it makes life easier for all users, your company risks losing out to your competitors who are.

Available in standard or custom configurations, the InsureConnect suite of products is proven technology capable of integrating with your back-end systems to speed and ease any and all new business and renewal processes. And the products or configuration you choose is just the start: Connecture has the experience and expertise to implement every scenario, from a modular install and integration to a full manual-to-automated processes switchover. We can also host your new solution, eliminating the need to dedicate hardware or manpower to maintain the system. Your health plan can begin meeting its objectives more effectively and efficiently, lowering operating costs and speeding ROI, and you've got a single, accountable source. Take advantage.

Let Connecture help transform your business.

Connecture has helped transform more than 70 health insurance plans, including over half of the top 20 in the U.S. The InsureConnect suite includes innovative products that address customer relationship management, rating, quoting, underwriting, enrollment and installation, policy administration, and renewals.
